Session of 2019

HOUSE BILL No. 2178

By Committee on Judiciary

2-7

AN ACT concerning utilities; relating to the Kansas underground utility 1 2 damage prevention act; definitions; location of facilities and duty to 3 mark, exceptions; amending K.S.A. 66-1802 and 66-1806 and 4 repealing the existing sections. 5 6 Be it enacted by the Legislature of the State of Kansas: 7 K.S.A. 66-1802 is hereby amended to read as follows: 66-Section 1. 8 1802. As used in this act: 9 (a) "Damage" means any impact or contact with an underground 10 facility, its appurtenances or its protective coating, or any weakening of the 11 support for the facility or protective housing which requires repair. 12 (b) "Emergency" means any condition constituting a clear and present 13 danger to life, health or property, or a customer service outage. "Excavation" means any operation in which earth, rock or other 14 (c)material below the surface is moved or otherwise displaced by any means, 15 except tilling the soil for normal agricultural purposes, or railroad or road 16 and ditch maintenance that does not change the existing railroad grade, 17 18 road grade and/or ditch flowline, or operations related to exploration and 19 production of crude oil or natural gas, or both. 20 (d) "Excavator" means any person who engages directly in 21 excavation activities within the state of Kansas, but shall not include any 22 occupant of a dwelling who: (1) Uses such dwelling as a primary 23 residence; and (2) excavates on the premises of such dwelling. 24 (e) "Facility" means any sanitary sewer or underground line, system 25 or structure used for transporting, gathering, storing, conveying, 26 transmitting or distributing potable water, gas, electricity, communication, 27 crude oil, refined or processed petroleum, petroleum products or hazardous 28 liquids; facility shall not include, any stormwater sewers or production 29 petroleum lead lines, salt water disposal lines or injection lines, which are 30 not located on platted land or inside the corporate limits of any city. 31 (f) "Locatable facility" means facilities for which the tolerance zone 32 can be determined by the operator using generally accepted practices such 33 as as-built construction drawings, system maps, probes, locator devices or 34 any other type of proven technology for locating. 35 "Marking" means the use of stakes, paint, flags or other clearly (g) 36 identifiable materials to show the field location of underground facilities, 1 in accordance with the rules and regulations promulgated by the state 2 corporation commission in the administration and enforcement of this act.

(h) "Municipality" means any city, county, municipal corporation,
public district or public authority located in whole or in part within this
state which provides firefighting, law enforcement, ambulance, emergency
medical or other emergency services.

7 (i) "Notification center" means the statewide communication system 8 operated by an organization which has as one of its purposes to receive 9 and record notification of planned excavation in the state from excavators 10 and to disseminate such notification of planned excavation to operators 11 who are members and participants.

(j) "Operator" means any person who owns or-operates leases an
underground tier 1 or tier 2 facility, except for. "Operator" does not mean
any person who is:

(1) The owner of real property wherein is located underground
 facilities for the purpose of furnishing services or materials only to such
 person or occupants of such property; or

18 (2) providing electric service for that portion of an underground 19 facility downstream of the point where ownership of the facility changes 20 from the operator to another person as determined by the operator's rules 21 and regulation, tariffs, service or membership agreement or other similar 22 documents.

23 (k) "Preengineered project" means a public project or a project which 24 is approved by a public agency wherein the public agency responsible for 25 the project, as part of its engineering and contract procedures, holds a meeting prior to the commencement of any construction work on such 26 27 project in which all persons, determined by the public agency to have 28 underground facilities located within the construction area of the project, are invited to attend and given an opportunity to verify or inform the 29 public agency of the location of their underground facilities, if any, within 30 31 the construction area and where the location of all known and underground 32 facilities are duly located or noted on the engineering drawing as 33 specifications for the project.

(1) "Permitted project" means a project where a permit for the work to
be performed must be issued by a city, county, state or federal agency and,
as a prerequisite to receiving such permit, the applicant must locate all
underground facilities in the area of the work and in the vicinity of the
excavation and notify each owner of such underground facilities.

(m) "Person" means any individual, partnership, corporation,
association, franchise holder, state, city, county or any governmental
subdivision or instrumentality of a state and its employees, agents or legal
representatives.

43 (n) "Production petroleum lead line" means an underground facility

used for production, gathering or processing on the lease or unit, or for
 delivery of hydrocarbon gas and/or liquids to an associated tank battery,
 separator or sales facility. Production petroleum lead lines shall include
 underground lines associated with lease fuel and saltwater disposal and
 injection.

6 (o) "Platted land" means a tract or parcel of land which has been 7 subdivided into lots of less than five acres for the purpose of building 8 developments, including housing developments, and for which a 9 surveyor's plat has been filed of record in the office of the register of deeds 10 in the county where the land is located.

(p) "Tier 1 facility" means an underground facility used for
 transporting, gathering, storing, conveying, transmitting or distributing
 gas, electricity, communications, crude oil, refined or reprocessed
 petroleum, petroleum products or hazardous liquids.

(q) "Tier 2 facility" means an underground facility used for
 transporting, gathering, storing, conveying, transmitting or distributing
 potable water or sanitary sewage.

(r) "Tier 3 facility" means a water or wastewater system utility which
 serves more than 20,000 customers who elects to be a tier 3 member of the
 notification center pursuant to this subsection. The operator of a tier 3
 facility shall:

22 (1) Develop and operate a locate service website capable of receiving23 locate requests;

(2) publish and maintain a dedicated telephone number for locateservices;

26

(3) maintain 24-hour response capability for emergency locates; and

27 (4) employ not less than two individuals whose primary job function 28 shall be the location of underground utilities. Operators of tier 3 facilities 29 shall make either such website or contact information available to the notification center. The notification center shall collect and charge a fee of 30 31 \$500 a year for each tier 3 facility. No other fee, charge or cost shall be 32 assessed to a tier 3 facility by the notification center. Tier 3 members shall 33 be subject to all provisions of K.S.A. 66-1805 through 66-1810 66-1801 et 34 seq., and amendments thereto.

35 (s) "Tolerance zone" means the area not less than 24 inches of the outside dimensions in all horizontal directions of an underground facility, 36 37 except that a larger tolerance zone for a tier 1, 2 or 3 facility may be 38 established by rules and regulations adopted under K.S.A. 66-1815, and 39 amendments thereto. An operator of a water or wastewater facility may elect to use a tolerance zone for such water or wastewater facility in which 40 tolerance zone means the area not less than 60 inches of the outside 41 42 dimensions in all horizontal directions of an underground water or 43 wastewater facility upon notification of the excavator, except that a larger

4

tolerance zone may be established by rules and regulations adopted under
 K.S.A. 66-1815, and amendments thereto.

3 (t) "Update" means an additional request from the excavator to extend 4 the time period of the request for intent to excavate beyond the 15 calendar 5 day duration of the request.

6 (u) "Whitelining" means the act of marking by the excavator the route 7 or boundary of the proposed excavation site with white paint, white stakes 8 or white flags.

9 (v) "Working day" means every day Monday through Friday 10 beginning at 12:01 a.m., except for the following officially recognized 11 holidays: New Year's day, Memorial day, Independence day, Labor day, 12 Thanksgiving day, the day after Thanksgiving and Christmas.

Sec. 2. K.S.A. 66-1806 is hereby amended to read as follows: 66-13 1806. (a) Within two working days, beginning on the later of the first 14 working day after the excavator has filed notice of intent to excavate or the 15 16 first day after the excavator has whitelined the excavation site, an operator 17 served with notice, unless otherwise agreed between the parties, shall 18 inform the excavator of the tolerance zone of the underground facilities of 19 the operator in the area of the planned excavation by marking, flagging or 20 other acceptable method.

(b) If the operator of tier 2 facilities cannot accurately mark the tolerance zone, such operator shall mark the approximate location to the best of its ability, notify the excavator that the markings may not be accurate, and provide additional guidance to the excavator in locating the facilities as needed during the excavation.

(c) The operator of tier 2 facilities shall not be required to provide
notification of the tolerance zone for facilities which are at a depth at least
two feet deeper than the excavator plans to excavate but does have to
notify the excavator of their existence.

(d) (1) If the operator of a tier 1 facility has no underground facilities
in the area of the proposed excavation, such operator, before the
excavation start date, shall notify the excavator that it has no facilities in
the area of proposed excavation by telephone, facsimile, marking the area
all clear or by other technology that may be developed for such purposes.

(2) If the operator of a tier 1 facility is a provider of electricity, the
duty to mark shall not extend downstream of the point where ownership of
the facility changes from the operator to another person as determined by
the operator's rules and regulations, tariffs, service or membership
agreements or other similar documents.

40 (e) If the excavator notifies the notification center, within two 41 working days after the initial identification of the tolerance zone by the 42 operator, that the identifiers have been improperly removed or altered, the 43 operator shall make a reasonable effort to reidentify the tolerance zone 1 within one working day after the operator receives actual notice from the 2 notification center

3 (f) If the excavator has provided notice to an operator pursuant to 4 K.S.A. 66-1804, and amendments thereto, and the operator fails to comply 5 with subsections (a), (b) or (c) or notifies the excavator that it has no 6 underground facilities in the area of the planned excavation, the excavator 7 may proceed and shall not be liable to the operator for any direct or 8 indirect damages resulting from contact with the operator's facilities, except that nothing in this act shall be construed to hold any excavator 9 harmless from liability to the operator in those cases of gross negligence or 10 willful and wanton conduct 11

12 (g) For economic damages in any civil court of this state, failure of an operator to inform the excavator within two working days of the tolerance 13 zone of the underground facilities of the operator in the manner required 14 15 by subsection (a) of K.S.A. 66-1806, and amendments thereto, shall not 16 give rise to a cause of action on the part of the excavator against an 17 operator, except that nothing in this act shall be construed to hold any 18 operator harmless from liability in those cases of inaccurate marking of the tolerance zone, gross negligence or willful and wanton conduct. Such 19 20 failure may subject an operator to civil penalties as determined by the state 21 corporation commission.

22 (h) Any person claiming that an operator has failed to inform the 23 excavator within two working days of the tolerance zone of the underground facilities of the operator shall file a complaint with the state 24 25 corporation commission requesting enforcement of subsection (a) within one year of becoming aware of the violation. 26

27 (i) All tier 1 facilities installed by an operator after January 1, 2003, 28 shall be locatable.

29 (i) All tier 2 facilities installed by an operator after July 1, 2008, shall 30 be locatable.

Sec. 3. K.S.A. 66-1802 and 66-1806 are hereby repealed.

32 Sec. 4. This act shall take effect and be in force from and after its 33 publication in the Kansas register.

31
