State General Fund (SGF), in FY 2020 and \$114.2 million, all from the SGF, for FY 2021 for the Kansas State Department of Education (KSDE). [Note: These provisions were included in 2019 House Sub. for SB 16.] The House Committee on K-12 Education Budget held a hearing on the bill on March 19, 2019.

On March 16, 2020, the House Committee on K-12 Education Budget removed the contents of SB 142, inserted modified provisions of HB 2747, and recommended a substitute bill.

### **HB 2747**

HB 2747 was introduced by the House Committee on Federal and State Affairs at the request of Representative Finch on March 16, 2020.

On the same day, the House Committee on K-12 Education Budget (House Committee) held an informational briefing from the Commissioner of Education (Commissioner) on the status of Kansas schools during the global outbreak of disease from a novel coronavirus (COVID-19). The Commissioner stated it had been strongly recommended that all schools close for at least one week, but indicated the KSDE was preparing for schools to be closed longer due to the COVID-19 outbreak. Additionally, the Commissioner stated a task force of teachers and school administrators is developing a plan to continue the school year through alternative means of instruction; however, the Commissioner requested language to clarify the authority of the State Board to grant a waiver from the minimum number of school hours required each school year.

The House Committee amended HB 2747 to include references to the statutes authorizing local or joint boards of health, local health officers, or the Secretary of Health and Environment to order the closure of schools.

No fiscal note for HB 2747 was available at the time of House Committee action on House Sub. for SB 142.
