(b) The amount of such tax on a motor vehicle shall be computed by: (1) Determining the amount representing the midpoint of the values included within the class in which such motor vehicle is classified under K.S.A. 79-5102 or 79-5103, and amendments thereto, except that the midpoint of class 20 shall be \$21,000 plus \$2,000 for each \$2,000 or portion thereof by which the trade-in value of the vehicle exceeds \$22,000; (2) if the model year of the motor vehicle is a year other than the year for which the tax is levied, by reducing such midpoint amount by an amount equal to 16% in 1995, and all years prior thereto, and 15% in 1996, and all years thereafter, of the remaining balance for each year of difference between the model year of the motor vehicle and the year for which the tax is levied if the model year of the motor vehicle is 1981 or a later year or (B) the remaining balance for each year of difference between the year 1980 and the year for which the tax is levied if the model year of the motor vehicle is 1980 or any year prior thereto; (3) by multiplying the amount determined after application of clause (2) above by 30% during calendar year 1995, 28.5% during the calendar year 1996, 26.5% during the calendar year 1997, 24.5% during the calendar year 1998, 22.5% during the calendar year 1999, and 20% during all calendar years thereafter, which shall constitute the taxable value of the motor vehicle; and (4) by multiplying the taxable value of the motor vehicle produced under clause (3) above by the county average tax rate.

(c) The "county average tax rate" means the total amount of general property taxes levied within the county by the state, county and all other taxing subdivisions levying such taxes within such county in the second calendar year before the calendar year in which the owner's full registration year begins divided by the total assessed tangible valuation of property within such county as of November 1 of such second calendar year before the calendar year in which the owner's full registration year begins as certified by the secretary of revenue, except that such rate shall be computed without regard to the general property taxes levied by school districts pursuant to law.
