

2020 Kansas Statutes

25-2707. Receipt for and record of election supplies. When election supplies, including ballots and poll books, are delivered by the county election officer to a supervising judge, a record shall be made thereof and the same shall be receipted. When the items provided by law to be returned by the supervising judge to the election officer are so returned, a record thereof shall be made by the election officer and a receipt therefor shall be given the supervising judge. The secretary of state may adopt rules and regulations prescribing the manner and form in which records and receipts required by this section are to be given, taken and maintained.
