To the members of the House Committee on K-12 Education:

Rep. Stephanie Byers
Rep. Susan Estes
Rep. Jo Ella Hoye
Rep. Steve Huebert
Rep. Timothy Johnson
Rep. Brenda Landwehr
Rep. Jarrod Ousley
Rep. Patrick Penn
Rep. Sean Tarwater
Rep. Adam Thomas

I have paid taxes for K-12 public education in Kansas for the last 37 years. We have no kids or grandkids. We did not go to K-12 in KS. That means 37 years of paying education taxes in KS with no usage of KS K-12 public education. I am willing to pay education taxes in KS because public education benefits society as a whole.

I am not for funding private schools in any form including vouchers. I do not want my taxes going to fund private schools. If a parent decides to send their child to a private school then they should pay for that tuition out of their own pockets and not take money away from public education taxes. They should not get a break on paying for taxes for K-12 public education. And private schools should have a better business plan in place than one that requires taking educational funds from public schools.
