

February 18, 2021

The Honorable Adam Smith, Chairperson  
House Committee on Taxation  
Statehouse, Room 185A-N  
Topeka, Kansas 66612

Dear Representative Smith:

**SUBJECT:** Fiscal Note for HB 2225 by House Committee on Taxation

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2225 is respectfully submitted to your committee.

HB 2225 would require marketplace facilitators to start collecting Kansas retail sales and compensating use taxes on sales to Kansas customers on July 1, 2021. The bill defines a “marketplace facilitator” as a person that has an agreement with marketplace sellers to facilitate sales through a physical or electronic marketplace. A marketplace facilitator would not include advertising services. The bill would also set up a procedure that would require future marketplace facilitators to start collecting and remitting retail sales and compensating use taxes on sales to Kansas. The Department of Revenue would be allowed to audit sales of marketplace facilitators. The bill would relieve the liability of a marketplace facilitator to collect and remit the correct amount of the tax if an error was due to incorrect or insufficient information from the marketplace seller. Marketplace facilitators would not be responsible to remit any taxes from sales occurring prior to July 1, 2021; however, if a marketplace facilitator already collected these taxes voluntarily prior to that date, then they would not be eligible for a refund. The Department of Revenue would have the authority to adopt rules and regulations to implement the bill.

Estimated State Fiscal Effect				
	FY 2021 SGF	FY 2021 All Funds	FY 2022 SGF	FY 2022 All Funds
Revenue	--	--	\$43,100,000	\$51,500,000
Expenditure	--	--	\$290,973	\$290,937
FTE Pos.	--	--	--	3.00

The Department of Revenue estimates that HB 2225 would increase state revenues by \$51.5 million in FY 2022. Of that total, the State General Fund is estimated to increase by \$43.1 million in FY 2022, while the State Highway Fund is estimated to increase by \$8.4 million in FY 2022. This bill also is estimated to increase local sales tax revenues; however, the specific estimate of higher local sales tax revenues was not calculated by the Department of Revenue. The fiscal effect to state revenues during subsequent years would be as follows:

	<u>FY 2023</u>	<u>FY 2024</u>	<u>FY 2025</u>	<u>FY 2026</u>
State General Fund	\$49,400,000	\$51,900,000	\$54,500,000	\$57,200,000
State Highway Fund	<u>9,600,000</u>	<u>10,100,000</u>	<u>10,600,000</u>	<u>11,100,000</u>
	\$59,000,000	\$62,000,000	\$65,100,000	\$68,300,000

To formulate the estimates for increased sales tax authority from remote sellers, the Department of Revenue reviewed data from the U.S. Government Accountability Office (GAO) that released a study on sales taxes in November 2017. The report shows that Kansas has the potential to receive an additional \$113.0 million to \$170.0 million each year in increased state and local sales tax collections with expanded collection authority with out-of-state remote sellers. The numbers quoted from GAO include both state and local sales tax collections and the amounts that the state already receives from Streamlined Sales Tax Volunteer Filers. Making these adjustments, the Department of Revenue estimates that Kansas would likely collect \$51.5 million in FY 2022 specifically from marketplace facilitators, including \$43.1 million from the State General Fund and \$8.4 million from the State Highway Fund. The fiscal effect associated with requiring marketplace facilitators to start collecting retail sales and compensating use taxes is reflected in *The FY 2022 Governor's Budget Report*.

The Department indicates that the bill would require \$290,973 from the State General Fund in FY 2022 to implement the bill and to modify the automated tax system. The bill would require the Department to hire 3.00 new FTE positions to answer questions from taxpayers and to review, process, and audit marketplace facilitator compliance. The required programming for this bill by itself would be performed by existing staff of the Department of Revenue. In addition, if the combined effect of implementing this bill and other enacted legislation exceeds the Department's programming resources, or if the time for implementing the changes is too short, additional expenditures for outside contract programmer services beyond the Department's current budget may be required.

The Kansas Department of Transportation indicates that the bill would increase state revenues to the State Highway Fund as noted above. The additional revenues would fund additional expenditures for projects funded under the comprehensive transportation plan. The Kansas Association of Counties and the League of Kansas Municipalities indicate that the bill would provide a net increase to local sales tax collections that are used in part to finance local governments.

Sincerely,

Adam Proffitt  
Director of the Budget
