13-13a35. Regulations and control of traffic and parking at Washburn university of Topeka; control under board of regents; issuance of permits and allocation of space; fees; removal and impounding of vehicles, when; lien. All roads, streets, driveways, and parking facilities for motor vehicles on the grounds of Washburn university of Topeka shall be under the care, control, maintenance and supervision of the board of regents of that university as empowered by K.S.A. 13-13a19. The board is authorized to allocate and designate parking areas on the grounds of the university and may authorize the university: (1) To issue permits to use such parking areas to its officers, employees and to the students attending the university; (2) to allocate parking areas to those persons having business appointments, or to guests of the university; and (3) to fix such fees for misuse of the parking areas by the officers, employees or students attending the university as shall be established by the rules and regulations of the board.

Any motor vehicle parked upon any of the parking facilities of the university without the permission of the board or its authorized agents shall be deemed a common nuisance and the board shall provide for the abatement of the nuisance by providing by rules and regulations for the removal and impounding of the vehicle. The cost of abating, removal and impounding shall be a lien against the motor vehicle until paid by the owner or [a representative] of the owner.
