    - (C) A copy of the record of a judgment assessing damages under K.S.A. 60-4405, and amendments thereto.
- (b) In determining whether or not a licensee or permit holder is unable to practice

podiatry with reasonable skill and safety to patients as provided in subsection (a)(10), the board, upon probable cause, shall have authority to compel a licensee or permit holder to submit to mental or physical examination by such persons as the board may designate. Failure of a licensee or permit holder to submit to such examination when directed shall constitute an admission of the allegations against the licensee or permit holder, unless the failure was due to circumstances beyond the licensee's or permit holder's control. A person affected by this subsection shall be offered, at reasonable intervals, an opportunity to demonstrate that such person can resume the competent practice of podiatry with reasonable skill and safety to patients. Each licensee or permit holder accepting the privilege to practice podiatry in this state, by practicing podiatry in this state or by making and filing an application for a license or permit, or renewal of a license or permit, to practice podiatry in this state, shall be deemed to have consented to submit to a mental or physical examination when directed in writing by the board pursuant to this subsection and to have waived all objections to the admissibility of the testimony or examination report of the person conducting such examination at any proceeding or hearing before the board on the ground that such testimony or examination report constitutes a privileged communication. The record of any board proceedings involving a mental or physical examination pursuant to this subsection shall not be used in any other administrative or judicial proceeding.

Whenever the board directs that a licensee or permit holder submit to an examination pursuant to this subsection, the time from the date of the board's directive until the submission to the board of the report of the examination shall not be included in the computation of the time limit for hearing prescribed by the Kansas administrative procedure act.

(c) As used in this section, "professional incompetency" and "unprofessional conduct" shall have the meanings ascribed thereto by K.S.A. 65-2837, and amendments thereto.

(d) The procedure for revocation, suspension, limitation, temporary suspension, temporary limitation, or for denial of issuance or renewal pursuant to this section, of any license or permit to practice podiatry shall be in accordance with the provisions of the Kansas administrative procedure act.
