

SENATE BILL No. 50

AN ACT concerning the dental practices act; amending K.S.A. 2000 Supp. 65-1423 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2000 Supp. 65-1423 is hereby amended to read as follows: 65-1423. (a) Nothing in this act shall apply to the following practices, acts and operations:

(1) To the practice of a person licensed to practice medicine and surgery under the laws of this state, unless such person practices dentistry as a specialty;

(2) to the performance by a licensed nurse of a task as part of the administration of an anaesthetic for a dental operation under the direct supervision of a licensed dentist or person licensed to practice medicine and surgery so long as the anaesthetic given under the direct supervision of a licensed dentist is consistent with the anaesthetic the dentist is authorized to administer under K.S.A. 65-1444 and amendments thereto and consistent with subsection (a) of K.S.A. 65-1162 and amendments thereto and subsection (e) of K.S.A. 65-1163 and amendments thereto;

(3) to the giving by a registered nurse anesthetist of an anaesthetic for a dental operation in an interdependent role as a member of a physician or dentist directed health care team;

(4) the practice of dentistry in the discharge of their official duties by graduate dentists or dental surgeons in the United States army, navy, air force, marines, public health service, coast guard or veterans' administration;

(5) the practice of dentistry by a licensed dentist of other states or countries at meetings of the Kansas state dental association or components thereof, or other like dental organizations approved by the board, while appearing as clinicians;

(6) to the filling of prescriptions of a licensed dentist as hereinafter provided by any person or persons, association, corporation or other entity, for the construction, reproduction or repair of prosthetic dentures, bridges, plates or appliances to be used or worn as substitutes for natural teeth, provided that such person or persons, associations, corporation or other entity, shall not solicit or advertise, directly or indirectly by mail, card, newspaper, pamphlet, radio or otherwise, to the general public to construct, reproduce or repair prosthetic dentures, bridges, plates or other appliances to be used or worn as substitutes for natural teeth;

(7) to the use of roentgen or x-ray machines or other rays for making radiograms or similar records, of dental or oral tissues under the supervision of a licensed dentist or physician except that such service shall not be advertised by any name whatever as an aid or inducement to secure dental patronage, and no person shall advertise that such person has, leases, owns or operates a roentgen or x-ray machine for the purpose of making dental radiograms of the human teeth or tissues or the oral cavity, or administering treatment thereto for any disease thereof;

(8) except as hereinafter limited to the performance of any dental service of any kind by any person who is not licensed under this act, if such service is performed under the supervision of a dentist licensed under this act at the office of such licensed dentist except that such non-licensed person shall not be allowed to perform or attempt to perform the following dental operations or services:

(A) Any and all removal of or addition to the hard or soft tissue of the oral cavity;

(B) any and all diagnosis of or prescription for treatment for disease, pain, deformity, deficiency, injury or physical condition of the human teeth or jaws, or adjacent structure;

(C) any and all correction of malformation of teeth or of the jaws;

(D) any and all administration of general or local anaesthesia of any nature in connection with a dental operation; or

(E) a prophylaxis, except that individuals who are not licensed but who are operating under the direct supervision of a dentist may (i) coronal polish teeth as defined by rules and regulations of the board and (ii) coronal scale teeth above the gum line as long as such procedure is not performed on a patient who has undergone local or general anesthesia at the time of the procedure, is undertaken by a nonlicensed person who has successfully completed necessary training for performing such dental procedure in a course of study approved by the board, which course of study is consistent with American dental association accreditation stan-
