AN ACT concerning distinctive license plates; providing for the issuance of the drive for the cure license plate.

## Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) On and after January 1, 2005, any owner or lessee of one or more passenger vehicles or trucks registered for a gross weight of 20,000 pounds or less, who is a resident of Kansas, upon compliance with the provisions of this section, may be issued one drive for the cure license plate for each such passenger vehicle or truck. Such license plates shall be issued for the same time as other license plates upon proper registration and payment of the regular license fee as provided in K.S.A. 8-143, and amendments thereto, and the presentation of the annual logo use authorization statement provided for in subsection (b).
(b) The secretary of health and environment may authorize the use of the logo to be affixed on license plates as provided by this section. Any royalty payment received pursuant to this section shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the breast and cervical cancer program and detection fund and such funds shall be used only for the treatment of breast and cervical cancer. Any motor vehicle owner or lessee annually may apply to the secretary for the use of such logo. Upon annual application and payment to the secretary in an amount of $\$ 25$ as a logo use royalty payment for each license plate to be issued, the secretary shall issue to the motor vehicle owner or lessee, without further charge, a logo use authorization statement, which shall be presented by the motor vehicle owner or lessee at the time of registration.
(c) Any applicant for a license plate authorized by this section may make application for such plates not less than 60 days prior to such person's renewal of registration date, on a form prescribed and furnished by
the director of vehicles, and any applicant for such license plates shall provide the annual logo use authorization statement provided for in subsection (b). Application for registration of a passenger vehicle or truck and issuance of the license plate under this section shall be made by the owner or lessee in a manner prescribed by the director of vehicles upon forms furnished by the director.
(d) No registration or license plate issued under this section shall be transferable to any other person.
(e) Renewals of registration under this section shall be made annually, upon payment of the fee prescribed in subsection (a), in the manner prescribed in subsection (b) of K.S.A. 8-132, and amendments thereto. No renewal of registration shall be made to any applicant until such applicant provides the annual logo use authorization statement provided for in subsection (b). If such logo use authorization statement is not presented at the time of registration, the applicant shall be required to comply with K.S.A. 8-143, and amendments thereto, and return the license plate to the county treasurer of such person's residence.
(f) The secretary of health and environment shall:
(1) Pay the initial cost of silk-screening for license plates authorized by this section; and
(2) provide to all county treasurers a toll-free telephone number where applicants can call the secretary of health and environment for information concerning the application process or the status of their license plate application.
(g) The secretary of health and environment, with the approval of the director of vehicles and subject to the availability of materials and equipment, shall design a plate to be issued under the provisions of this section.

Sec. 2. This act shall take effect and be in force from and after its publication in the statute book.
