

Message from the Governor

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Sub for S 357 with my signature approving the bill, except for the items enumerated below.

Proviso regarding Kansas Department of Health and Environment

Section 65 has been line item vetoed in its entirety.

I believe all Kansans support efforts to reduce the number of abortions, and those efforts are underway through a variety of support services, including expanded access to health care and the promotion of adoption and financial support for caregivers. All Kansans also want our laws upheld, including laws protecting the privacy of our personal medical records.

The questions required by this proviso are open-ended and request detailed information on a patient's medical condition. Rather than collecting sound data that is able to be properly analyzed and protected, this proviso is likely to have little substantive effect, yet opens up patients' private medical information to public viewing. This measure runs counter to Kansans' strong belief in the importance of medical privacy, and therefore I veto this proviso.

Department of Administration

Section 8(g) has been line item vetoed in its entirety.

Printing the state employee directory wastes taxpayer dollars and natural resources, which is why it was eliminated as part of my administration's efficiency efforts five years ago. Printed directories are out-of-date almost the instant they are published and it makes much more sense to use a searchable electronic directory instead. In addition to being much easier to keep up-to-date, the online directory saves taxpayers money and conserves paper.

Operating state government more efficiently is the reason the Legislature passed other provisos that require fewer budget books be printed — another administration savings effort — so it makes little sense to then increase printing costs in another area.

That's why I veto this proviso, just as I have done the two prior times the Legislature has sent such provisos to me, and I direct interested parties to visit <http://www.da.ks.gov/phonebook/> if they are looking for a phone number.

University of Kansas Medical Center

Section 26(b) has been line item vetoed in its entirety.

Currently, the University of Kansas Medical Center and the KU Hospital Authority are negotiating an affiliation agreement that incorporates new guiding principles for the working relationship between the two organizations for the next decade. Those negotiations are proceeding appropriately, yet the proposed proviso attempts to micromanage those discussions, preventing them from thoroughly addressing all of the issues involved, by imposing an artificial deadline for completion of an agreement.

In addition to interfering in what have so far been productive discussions, the proviso prohibits the KU Medical Center from entering into any other affiliations until this agreement with the KU Hospital is reached. This would have significant unintended consequences since the KU Medical Center currently has roughly 1,000 affiliation agreements that must be renewed regularly. These affiliation agreements are made with every health provider that hosts a medical resident or a student from the medical, nursing or allied health programs.

Imposing these restrictions would unnecessarily interfere in ongoing negotiations with the KU Hospital and prevent the KU Medical Center from accomplishing its core mission of educating its students, which is why I veto this proviso.

Date: May 21, 2007
Signed: KATHLEEN SEBELIUS
Governor
