

As Amended by House Committee

Session of 2008

HOUSE BILL No. 2605

By Legislative Educational Planning Committee  
(By request of the 2010 Commission)

1-3

11 AN ACT concerning school districts; relating to school finance; amend-  
12 ing K.S.A. 2007 Supp. 72-6455 and repealing the existing section.  
13

14 *Be it enacted by the Legislature of the State of Kansas:*

15 ~~Section 1. K.S.A. 2007 Supp. 72-6455 is hereby amended to read as~~  
16 ~~follows: 72-6455. The high density at-risk pupil weighting of each school~~  
17 ~~district shall be determined by the state board as follows:~~

18 ~~—(a) Except as provided by subsection (d), if the district has an en-~~  
19 ~~rollment of less than 40% 35% at-risk pupils, the state board shall multiply~~  
20 ~~the number of at-risk pupils enrolled in the district by 0. The product is~~  
21 ~~the high density at-risk pupil weighting of the district.~~

22 ~~—(b) Except as provided by subsection (d), if the district has an en-~~  
23 ~~rollment of at least 40% but less than 50% at-risk pupils, the state board~~  
24 ~~shall multiply the number of at-risk pupils by .04 in school year 2006-~~  
25 ~~2007, by .05 in school year 2007-2008 and by .06 in school year 2008-~~  
26 ~~2009 and each school year thereafter. The product is the high density at-~~  
27 ~~risk pupil weighting of the district.~~

28 ~~—(b) If the district has an enrollment of at least 35% but less than 50%~~  
29 ~~at-risk pupils, the state board shall:~~

30 ~~—(1) Subtract 35% from the percentage of at-risk enrollment in the~~  
31 ~~district;~~

32 ~~—(2) multiply the amount determined under paragraph (1) by .006466~~  
33 ~~in school year 2008-2009 and each school year thereafter; and~~

34 ~~—(3) multiply the number of at-risk pupils enrolled in the district by~~  
35 ~~the product determined under paragraph (2). The product is the high~~  
36 ~~density at-risk pupil weighting of the district.~~

37 ~~—(c) If the district has an enrollment of 50% or more at-risk pupils,~~  
38 ~~the state board shall multiply the number of at-risk pupils by .08 in school~~  
39 ~~year 2006-2007, by .09 in school year 2007-2008 and enrolled in the dis-~~  
40 ~~trict by .10 in school year 2008-2009 and each school year thereafter. The~~  
41 ~~product is the high density at-risk pupil weighting of the district.~~

42 ~~—(d) If the district has an enrollment of at least 35.1% at-risk pupils~~  
43 ~~and an enrollment density of at least 212.1 pupils per square mile, the~~

1 state board shall multiply the number of at-risk pupils by .08 in school  
 2 year 2006-2007, by .09 in school year 2007-2008 and by .10 in school year  
 3 2008-2009 and each school year thereafter. The product is the high den-  
 4 sity at-risk pupil weighting of the district.

5 **Section 1. K.S.A. 2007 Supp. 72-6455 is hereby amended to**  
 6 **read as follows: 72-6455. The high density at-risk pupil weighting**  
 7 **of each school district shall be determined by the state board as**  
 8 **follows:**

9 (a) ~~Except as provided by subsection (d),~~ **If the district has an en-**  
 10 **rollment of less than 40% 44% or fewer at-risk pupils, the state board**  
 11 **shall multiply the number of at-risk pupils enrolled in the district by**  
 12 **0. The product is the high density at-risk pupil weighting of the**  
 13 **district.**

14 (b) ~~Except as provided by subsection (d), if the district has an en-~~  
 15 ~~rollment of at least 40% but less than 50% at-risk pupils, the state board~~  
 16 ~~shall multiply the number of at-risk pupils by .04 in school year 2006-~~  
 17 ~~2007, by .05 in school year 2007-2008 and by .06 in school year 2008-~~  
 18 ~~2009 and each school year thereafter. The product is the high density at-~~  
 19 ~~risk pupil weighting of the district.~~

20 (b) *If the district has an enrollment more than 44% but less than 55%*  
 21 *at-risk pupils, the state board shall:*

22 (1) *Subtract 44% from the percentage of at-risk enrollment in the*  
 23 *district;*

24 (2) *multiply the amount determined under paragraph (1) by .01 in*  
 25 *school year 2008-2009 and each school year thereafter; and*

26 (3) *multiply the number of at-risk pupils enrolled in the district by*  
 27 *the product determined under paragraph (2). The product is the high*  
 28 *density at-risk pupil weighting of the district.*

29 (c) **If the district has an enrollment of 50% 55% or more at-risk**  
 30 **pupils, the state board shall multiply the number of at-risk pupils**  
 31 **by .08 in school year 2006-2007, by .09 in school year 2007-2008 and**  
 32 **enrolled in the district by 10 .01 in school year 2008-2009 and each**  
 33 **school year thereafter. The product is the high density at-risk pupil**  
 34 **weighting of the district.**

35 (d) **If the district has an enrollment of at least 35.1% at-risk**  
 36 **pupils and an enrollment density of at least 212.1 pupils per square**  
 37 **mile, the state board shall multiply the number of at-risk pupils by**  
 38 **.08 in school year 2006-2007, by .09 in school year 2007-2008 and enrolled**  
 39 **in the district by 10 .01 in school year 2008-2009 and each school**  
 40 **year thereafter. The product is the high density at-risk pupil**  
 41 **weighting of the district.**

42 Sec. 2. K.S.A. 2007 Supp. 72-6455 is hereby repealed.

1     Sec. 3. This act shall take effect and be in force from and after its  
2     publication in the statute book.
