## **HOUSE BILL No. 2986**

By Committee on Appropriations

3-24

AN ACT concerning water; relating to certain fees imposed on sale and appropriation of water; providing for certain studies relating thereto; making and concerning appropriations for the fiscal years ending June 30, 2009 and June 30, 2010 for the Kansas water office; amending K.S.A. 76-338 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) On and after January 1, 2009, there is hereby imposed a drinking water protection initiative fee at the rate of:

- (1) \$.02 per 1,000 gallons of water sold at retail by a public water supply system and delivered through mains, lines or pipes;
- (2) \$.02 per 1,000 gallons of water appropriated for industrial use pursuant to a permit, based on the actual amount of water appropriated for industrial use during the preceding calendar year as reported to the chief engineer of the division of water resources of the Kansas department of agriculture in accordance with the provisions of K.S.A. 82a-732, and amendments thereto, except for Kansas river assurance districts which shall be assessed an additional fee of \$.01 per 1,000 gallons.
- (b) The fees imposed by subsection (a)(1) shall be paid quarterly by each public water supplier and shall be transmitted to the department of revenue not later than 45 days following the end of each calendar quarter. The public water supplier may collect the fee directly from each consumer to which water is sold at retail or may pay the amount owed to the director of taxation from moneys available in its operating or other fund for that purpose. The fees imposed by subsection (a)(2) shall be paid quarterly by the owner of the permit and shall be transmitted to the director of taxation not later than 45 days following the end of each quarter. If any retailer or permit owner fails to pay the fee required to be collected and paid under this section, there shall be added, to the unpaid balance of the fee, a penalty as prescribed under K.S.A. 79-3615, and amendments thereto, for the late payment of sales tax, plus interest at the rate prescribed by subsection (a) of K.S.A. 79-2968, and amendments thereto.
- (c) The director of taxation shall administer, enforce and collect the fees imposed by subsection (a) of this section. All laws and rules and

 regulations of the secretary of revenue relating to the administration, enforcement and collection of the retailers' sales tax shall apply to such fee insofar as they can be made applicable, and the secretary of revenue shall adopt such additional rules and regulations as necessary for the efficient and effective administration, enforcement and collection of these fees.

(d) The Kansas department of wildlife and parks and the Kansas water office shall submit a report delineating which fees shall be paid by recreational users in order to sustain the state's reservoirs and lakes. Such report shall be made to the legislature by January 1, 2010.

New Sec. 2. (a) There is hereby created in the state treasury the Kansas drinking water protection initiative fund. All moneys received or collected by the director of taxation for fees assessed as provided in section 1, and amendments thereto, shall be remitted to the state treasurer, in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of the remittance, the state treasurer shall deposit the entire amount in the state treasury and credit it to the Kansas drinking water protection initiative fund.

- (b) Moneys in the Kansas drinking water protection initiative fund shall be expended for projects designated by this act.
- (c) On or before the 10th of each month, the director of accounts and reports shall transfer from the state general fund to the Kansas drinking water protection initiative fund interest earnings based on:
- (1) The average daily balance of moneys in the Kansas drinking water protection initiative fund for the preceding month; and
- (2) the net earnings rate for the pooled money investment portfolio for the preceding month.
- (d) All expenditures from the Kansas drinking water protection initiative fund shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the director of the Kansas water office for the purposes set forth in this section.

New Sec. 3. The director of the Kansas water office shall call into service by January 1, 2009, and utilize, by the year 2032, all storage space purchased in the Milford and Perry reservoirs in accordance with the provisions of the existing contractual agreements between the state of Kansas and the United States army corps of engineers. Such storage space shall be used to impound water for present demand, or for anticipated need for municipal and industrial water supply and for recreation and other beneficial uses. The director of the Kansas water office shall have the right to withdraw water from these reservoirs, or to request releases to be made by the United States army corps of engineers, subject to the provisions of such contractual agreements. The director shall also have

the right to construct all such works, plants, pipelines and appurtenances as may be necessary and convenient for the purpose of diversion or withdrawals, subject to the provisions of such contractual agreements.

New Sec. 4. (a) The director of the Kansas water office may assist in the funding and implementation of the Wichita aquifer storage and recovery project which shall be a part of the city of Wichita's integrated local water supply plan.

- (b) The state of Kansas, in partnership with the city of Wichita and the federal government, shall assist with the operation, maintenance and replacement of the Wichita aquifer storage and recovery project. The Wichita aquifer storage and recovery project shall be operated in accordance with applicable regulations adopted by the city of Wichita. The director of the Kansas water office may also adopt rules and regulations necessary to implement the project.
- (c) The director of the Kansas water office may enter into, or agree to amendments of, cooperative agreements and other appropriate agreements to carry out the provisions of this section.
- (d) Before obligating funds for design or construction under the provisions of this section, the director of the Kansas water office shall work cooperatively with the city of Wichita to use, to the extent possible, plans, designs and engineering and environmental analyses that have been prepared by the city for the Wichita aquifer storage and recovery project. The director of the Kansas water office shall assure that such information is used consistent with applicable federal laws and regulations.

New Sec. 5.

## KANSAS WATER OFFICE

There is appropriated for the above agency from the state water plan fund for the fiscal year or years specified, the following:

Secure storage in Milford and Perry reservoirs

35 Wichita aquifer storage and recovery project

41 Non-potable water research

42 For the fiscal year ending June 30, 2009...... \$100,000

*Provided*, That any unencumbered balance in the non-potable water re-

search account in excess of \$100 as of June 30, 2009, is hereby reappropriated for fiscal year 2010.

Federal reservoir siltation studies

For the fiscal year ending June 30, 2009...... \$525,911

Sec. 6. K.S.A. 76-338 is hereby amended to read as follows: 76-338. (a) The university of Kansas is hereby authorized to operate the state biological survey in order to determine the character, location, and supply of animals and plants, especially native animals and plants of economic and educational importance. The survey shall publish necessary reports on its findings, and receive, hold, develop, and administer lands and property needed by the state of Kansas for the study, preservation, or use of native animals and plant resources. Said The survey is further authorized to enter into agreements with any agency of the federal government relative to administration of lands no longer needed by the federal government, and to accept grants of money appropriated for research and related purposes from the federal government; and to accept any state moneys or any gifts or donations made available.

- (b) In addition to any other requirement of law, the Kansas biological survey, in cooperation with Kansas state university's department of research and extension and Fort Hays state university shall:
- (1) Identify potential amounts of water in the Dakota aquifer and other non-potable waters that can be productively treated, cost estimates for such treatment, potential locations of these other treatable waters and any other matters deemed appropriate;
- (2) identify water discharged from municipal and industrial processes and the potential for productive reuse of such waters; and
- (3) report any related policy recommendations to the governor and legislature by January 1, 2010.
- (c) The survey, in partnership with the state conservation commission, shall research and invest in opportunities to secure increased federal funding for sustaining reservoirs by addressing the siltation rates of reservoirs in northeast Kansas. State funding shall be expended on projects to address the causes and effects of siltation in the reservoirs.
  - Sec. 7. K.S.A. 76-338 is hereby repealed.
- Sec. 8. This act shall take effect and be in force on and after January 1, 2009, and after its publication in the statute book.
