

Message to the Senate of the State of Kansas:

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Substitute for Senate Bill No. 572 with my signature approving the bill, except for the items enumerated below.

Division of Post Audit—Financial Compliance Audit

That portion of Section 46(b) that reads as follows has been line-item vetoed:

“And provided further, That the division of post audit is hereby authorized to fix, charge and collect fees for the costs of financial-compliance audits under K.S.A. 46-1106, and amendments thereto: *And provided further,* That such fees shall be fixed to recover the expenses incurred for financial-compliance audits under K.S.A. 46-1106, and amendments thereto:”

This FY 2011 appropriation language for Legislative Post Audit was offered as an alternative to providing the Division with a State General Fund appropriation. Because the Legislature’s budget was enhanced by \$639,522 beyond what was intended, I hereby line-item veto this appropriation language as an unnecessary assessment on the other state agencies that cannot afford to finance the statewide audit. From within the Legislature’s appropriation, funds could be transferred to Post Audit in order to finance this audit, once the actual costs are known.

Kansas Commission on Veterans Affairs—Transfer from Public Broadcasting to Veterans Affairs

Section 72(c) has been line-item vetoed in its entirety.

This section constitutes a 50 percent reduction in the operating grants for public broadcasting stations throughout Kansas. This type of drastic reduction would be particularly damaging to stations in rural Kansas, likely silencing an important voice for our rural communities. Despite this line-item veto, the budget for veteran services programs will increase 30 percent, including an additional \$534,309 for veteran services programs.

Kansas Health Policy Authority—KHPA Study

Section 76(h) has been line-item vetoed in its entirety.

This provision would require the Kansas Health Policy Authority (KHPA) to conduct a study on the topic of requiring insurance companies to reimburse specified mental health professionals for certain proactive mental health care treatments. This study includes several parameters and requires analysis of a considerable amount of data. No funding was provided for the study, although the imposed deadline for the study’s completion is December 31, 2010. KHPA does not currently have adequate resources to complete this assigned task. 2010 House Bill 2546, which would have mandated insurance coverage for these services, was the subject of a hearing in the House Committee on Insurance on February 4, 2010. This bill never made it out of committee, and so has not been thoroughly vetted by the Kansas Legislature. Mandating the use of scarce state resources to study a topic absent thorough legislative scrutiny is not a good policy decision in this budgetary climate. Therefore, I must veto this section.

Department of Education—Uniform Chart of Accounts

Section 79(l) has been line-item vetoed in its entirety.

At a time when school boards are making difficult budget decisions, including increasing class sizes, closing buildings, eliminating course offerings and imposing instructional and professional staff layoffs, the policy to require additional financial reporting causes a costly and unnecessary administrative burden. The Department of Education already requires a uniform chart of accounts for school district budgets. In fact, the State Department of Education already provides on its website a copy of the uniform chart of accounts, the complete budget for each school district, as well as the “Budget at a Glance” and a budget profile for each district in Kansas. As a result, I find it necessary to veto this section of the budget bill.

University of Kansas—Water Data Repository Fund

That portion of Section 91(a) that reads as follows has been line-item vetoed:

“Standardized water data repository fund \$300,000

Provided, That expenditures may be made from this account or any special revenue fund of the above named agency for the purposes of bathymetric mapping, sediment surveys and lake assessments and the development of a standardized water quality and quantity data repository relating to public water supply sources.”

The Standardized Water Data Repository Fund at the University of Kansas was inadvertently appropriated as a State General Fund appropriation in the bill, when it should have been established as a special revenue fund. This veto eliminates the State General Fund appropriation, but does not eliminate the new fund, that is financed with a \$300,000 transfer from the Clean Drinking Water Fee Fund.

Board of Regents—Postsecondary Operating Grant Adjustment

Section 94(j) has been line-item vetoed in its entirety.

Legislative intent for the Regents system was to lapse \$2.3 million from the State General Fund; however, the amendment to alter the lapse incorrectly took \$9.5 million. I veto this section in order to restore the funding, and instruct the Regents to submit a revised budget this fall with the \$2.3 million reduction. This veto also ensures our state’s compliance with requirements in accepting federal American Reinvestment and Recovery Act funding.

Kansas State Fair—Workers Compensation Insurance

Section 107(c) has been line-item vetoed in its entirety.

Allowing the State Fair to acquire private workers compensation insurance would set a bad precedent and has the potential to increase rates for all other state agencies that will continue to participate in the State Self Insurance Fund (SSIF). The SSIF would be responsible for the expense of medical and disability payments from ongoing claims by State Fair employees prior to the new private insurance becoming effective and the SSIF would have to pass these expenses to all other state agencies. Furthermore, it was recently announced that workers comp rates for the SSIF, including the State Fair, will decrease over the next year, making this proviso all the more unwarranted.

State Officers’ Pay

Section 163 has been line-item vetoed in its entirety.

Eighty percent of this reduction would be absorbed by the Judicial Branch which has already reduced its spending to the point of furloughing staff. Already, Kansas’ Circuit Court salaries rank 40th in the nation for pay; this makes it difficult to attract and retain quality individuals to these critical posts. Therefore, I believe that additional cuts in this area would further harm Kansas’ justice system. Additionally, for those state officers who might retire at this time of administrative transition, a cut will adversely impact retirement benefits. I would also remind Legislators and any other state officer that they may accept a voluntary pay reduction of any amount on their own accord without this provision. Toward that end, I and Lieutenant Governor Findley will continue the reduction in our pay until the end of our term.

Out of State Travel

Section 165 has been line-item vetoed in its entirety.

This provision requires additional layers of approval for every state employee’s out-of-state travel and creates an unnecessary level of government bureaucracy. Agency budgets have been significantly reduced in the past two years. One of the major areas of reduction has been travel. In fact, from the beginning of FY 2008 to date, total travel expenditures within executive branch agencies have been reduced over 50 percent. Within their budgetary authority, agency heads should have the flexibility to prioritize expenditures to allow travel as necessary to carry out essential functions of state government. Accordingly, I have instructed agency heads to continue to limit travel to only that which is essential to carrying out their mission. Creating additional layers of bureaucracy does not improve government. Therefore, I veto this section of the budget bill.

Department of Health & Environment—Title X Family Planning Services

Section 167 has been line-item vetoed in its entirety.

This proviso is nearly identical to the one I vetoed in 2009, S. Sub. for House Bill 2373. Therefore, I find it appropriate to repeat many of the same points I made last year regarding this issue:

Regardless of one's views on whether abortion should be allowed in this country, hopefully we can all agree that we should make every effort to prevent unplanned pregnancies. Access to affordable family planning services and contraceptives is critical if we are to continue reducing the number of abortions that occur in this state. This section would prohibit distribution of Title X moneys to private family planning providers unless they are either a hospital or provide comprehensive primary and preventative care in addition to family planning services. This proviso would prevent funding for two facilities of other eligible family planning providers. These facilities do not perform abortions, and by law, Title X funding cannot be used for abortion services.

Both of these facilities provide affordable access to contraceptives and family planning services for women who are significantly below the poverty level. These women are most at risk for unplanned pregnancies. The family planning services provided by these facilities help lower the likelihood of unplanned pregnancy, and thus reduce abortions. Eliminating funding for programs intended to reduce the number of unplanned pregnancies does nothing to help reduce abortions in Kansas. I therefore find it necessary to line-item veto this proviso.

Clean Air Act Rules and Regulations

Section 168 has been line-item vetoed in its entirety.

Kansas has a proud history of being an energy producing state and an exciting future in the area of renewables.

As we look ahead to opportunities on the horizon, we must also uphold those bedrock industries, such as oil and gas, which provide prosperity to so many Kansans. Yet in doing so, we must ensure that we do not unintentionally harm the very sector of our economy we wish to protect.

This proviso has unintended consequences bringing forth regulatory uncertainty which would hinder Kansas' ability to serve our citizens, homes, farms and businesses. By abandoning productive progress with state agencies, sources would be required to work directly with the federal government to implement these programs which is considerably less expeditious.

Most importantly, this proviso is simply poor economic policy for Kansas. It would restrict the state's capacity to provide information and technical assistance to Kansas businesses and industries regarding federal standards, resulting in adverse impacts to local entities that need air quality permits to conduct business.

If there is a new federal law that will harm our state, it should be addressed and action should be taken through policy changes, not annual budget provisions. Decisions such as this are best made when they are developed through the proper legislative process, where expert testimony can be presented and debated in a transparent fashion. I therefore find it necessary to veto this section.
