

# Journal of the House

SIXTY-SIXTH DAY

---

HALL OF THE HOUSE OF REPRESENTATIVES,  
TOPEKA, KS, Thursday, May 29, 2008, 10:00 a.m.

The House met pursuant to **SCR 1627** with Speaker Neufeld in the chair.

Reps. Aurand, Brown, Carlin, Craft, Crum, Davis, Dillmore, Flaharty, George, Goico, Grange, Hawk, Johnson, Kiegerl, Landwehr, McCray-Miller, Menghini, Merrick, Owens, Roth, Schwab, Sloan, Svaty, Swanson, Whitham, B. Wolf, K. Wolf, and Yoder were excused on excused absence by the Speaker.

Prayer by Chaplain Brubaker:

Our Heavenly Father,  
Here we are at the close of another session.  
For several weeks we have been praying and asking  
many things from you . . . wisdom, direction, compassion,  
patience, longsuffering, and a spirit of cooperation.  
Today we want to thank you for all you have  
helped us to accomplish.  
Some may feel exuberant for accomplishments made.  
Some may feel discouragement for not being able  
to achieve that which they desired.  
The important thing for all of us is to know  
that we did our best, worked our hardest,  
kept or integrity, and respected one another.  
If we didn't do this, please forgive us Lord.  
As we close, I pray that You will  
watch over all our representatives.  
Keep them safe and healthy and bless them.  
For Betty Mae Powers and the family  
and friends of Representative Ted Powers,  
please bring them comfort and fill  
their sense of loss with your love and companionship.  
These things I gladly pray in the Name of Jesus Christ,  
Amen.

The Pledge of Allegiance was led by Rep. Carlson.

## SPECIAL REMARKS

Reps. Swenson and Vickrey offered special remarks in memory of Representative Ted Powers who died on May 13. They also presented a framed proclamation to Ted's wife, Betty Mae. She was accompanied by her son, Teddy Powers, Jr.

Mrs. Powers also addressed a few remarks to the members of the House. Speaker Neufeld mentioned that today no one was sitting in Rep. Powers' chair and that a bouquet of flowers adorned his desk.

**MESSAGES FROM THE GOVERNOR**

**HB 2123, HB 2186, HB 2343; S. Sub. for HB 2504; S. Sub. for HB 2542; HB 2642, HB 2643, HB 2689** approved on May 13, 2008.

Also, **S. Sub. for HB 2923; HB 2620, HB 2700, HB 2746, HB 2772** approved on May 14, 2008.

Also, **HB 2727, HB 2845, HB 2858; S. Sub. for HB 2916; HB 2926** approved on May 16, 2008.

**MESSAGE FROM THE GOVERNOR**

I have repeatedly demonstrated my support for gun ownership because it's an important part of our state's heritage and way of life.

Like most Kansans, I enjoy hunting and believe all law-abiding citizens have the right to own a weapon for their protection and the protection of their families.

That's why I've supported common-sense improvements to Kansas gun laws, such as allowing retired law enforcement officers to carry concealed weapons.

I have also supported measures to make our gun laws more uniform so gun owners don't inadvertently violate an ordinance when traveling from one community to another.

Since vetoing the conceal carry law in 2006, I have continued to hear from police chiefs and other law enforcement officials, members of the clergy, health care workers, and employers throughout our state that concealed weapons make our citizens less safe and secure.

While every law-abiding Kansan has a right to keep and bear arms, hidden weapons make it harder for law enforcement to do its job.

Legislators know concealed weapons make Kansas' workplaces less safe, which is why they banned them in their own workplace - the Capitol.

**HB 2359** further erodes our public safety by allowing people who have been convicted of certain felonies to obtain a conceal carry permit.

I recognize that a veto of this bill would certainly be overridden as it received nearly unanimous support in both chambers.

However, to sign it into law would be against my convictions and inconsistent with my previous vetoes.

Therefore, I am choosing to let **HB 2359** become law without my signature.

**VETO MESSAGE FROM THE GOVERNOR**

The following message with the Governor's objection to **S. Sub. for HB 2412**, An act enacting the economic stimulus act of 2008; encouraging certain commercial enterprises and creation of jobs; amending the Kansas investments in major products and comprehensive training act (IMPACT); relating to intermodal transportation and the financing thereof; providing for certain sales tax refunds; concerning energy conservation and efficiency, air emissions and electric generation and transmission; amending K.S.A. 65-3008b, 65-3012 and 66-104d and K.S.A. 2007 Supp. 65-3005, 65-3008a, 66-1,184, 74-616, 74-50,104, 74-50,107 and 79-3279 and repealing the existing sections, was received and read.

*Message to the House of Representatives of the State of Kansas:*

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I am vetoing **S. Sub. for HB 2412**.

Legislators who promote the expansion of coal-fired plants in Kansas have again made a strategic decision with **S. Sub. for HB 2412**. Rather than working toward a compromise solution, legislative leaders recklessly chose to jeopardize important initiatives for businesses and communities across our state by combining them with energy legislation I have previously vetoed twice.

Their action has raised concerns, voiced by key legislative proponents of the coal measures, that this bill violates Article 2, Section 16, of the Kansas Constitution, which prohibits two subjects in a bill. I take these concerns very seriously in determining whether a bill that comes to my desk meets a minimum threshold of constitutionality. Like every member of

the Kansas Legislature, I am sworn to uphold the Kansas Constitution, and cannot support a measure that blatantly contradicts our founding document.

However, I remain very supportive of many provisions contained within **S. Sub. for HB 2412** and hope to work with the Legislature, businesses and communities in the future to pass these important measures.

Included in **S. Sub. for HB 2412** is a provision proposed by my administration to provide more flexibility within the IMPACT program at the Department of Commerce. Changes to the IMPACT program would provide the Department with the tools they need to recruit and retain businesses in our state and dedicate more support to rural and small businesses. Because I believe this measure to be essential to the continued effectiveness of the IMPACT program, I have asked the Department propose these changes again next year for the new Legislature to consider.

The provision contained in **S. Sub. for HB 2412** extending the 2009 sunset on the single-factor corporation income tax apportionment formula continues to be a helpful tool to help locate new facilities in Kansas. This measure deserves serious consideration by the Legislature and my Administration, and I look forward to getting the opportunity to do so next year.

Under my direction, various state agencies including the Kansas Department of Transportation, Kansas Department of Commerce and the Kansas Development Finance Authority have been working over the past several months with local officials and legislators to promote the development of the proposed intermodal facility in Gardner. I am disappointed legislative leaders chose to impede their hard work by inserting this funding mechanism only within this bill. I remain supportive of this project and encourage the county commissioners to continue discussion with local and state officials to ensure this project moves forward.

Finally, the telecommunications industry has been working on various proposals to enhance their investments in Kansas. It is my hope that the Legislature and I will have the opportunity to consider these proposals on their own merit in the future.

Once again, this maneuver has done nothing to address the issues at hand - developing comprehensive energy policy, providing base-load energy power for Western Kansas, implementing carbon mitigation strategies and capitalizing on our incredible assets for additional wind power.

Furthermore, expanding the legislative involvement in the utility business and putting the regulatory permitting process into the hands of a Legislature whose membership changes every two years would set a dangerous precedent. Increasing utility rates for Kansas rate-payers for the sole benefit of one company is unacceptable. Kansas can do better, and I remain hopeful we can still have a meaningful discussion about a true compromise.

#### **VETO MESSAGE FROM THE GOVERNOR**

The following message with the Governor's objection to **S. Sub. for HB 2802**, An act concerning energy; relating to conservation and electric generation and efficiency and air emissions; imposing certain charges and providing for distribution thereof, was received and read.

*Message to the House of Representatives of the State of Kansas:*

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I am vetoing **S. Sub. for HB 2802**.

Though this attempt at crafting energy policy for the state has small steps in the right direction, I cannot support the legislative companion to this bill, which puts the regulatory permitting process into the hands of a part-time Legislature.

Additionally, this legislation not only contains a rate increase on every Kansas utility customer but directs the majority of these taxpayer receipts to a fund used solely for the benefit of one electric company. Throughout this entire Session, the Legislature has failed

to craft a comprehensive energy policy for our state. Here, nearing the end, their one statewide policy is to raise the electric bill of every Kansan.

This bill also expands the suggested legislative intrusion in the business of power companies by mandating Sunflower offer electricity generated at the new plants to utilities across the state, without any assurances in regard to price, availability or transmission lines. Having the Legislature dictate the business decisions of private companies establishes another questionable precedent that could hinder the recruitment of other businesses to our state. Clearly Kansas can do better.

I appreciate the legislative endorsement of my work with utility companies to enact renewable portfolio standards across our state. And I believe we should work together to address many of the issues raised with this legislation, including an analysis of carbon emissions in our state, expanding weatherization assistance programs to encourage energy efficiency and research in the field of renewable energy.

However, by attempting to force Kansans to pay for another state's power, legislative leadership has failed to move our state forward strategically. I remain ready and willing to work with all of the energy producers in Kansas to find that common ground on which true progress can be built. Therefore, pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I veto **S. Sub. for HB 2802**.

#### MESSAGES FROM THE GOVERNOR

**S. Sub. for HB 2119; HB 2217, HB 2307; S. Sub. for HB 2315; HB 2617, HB 2780; S. Sub. for HB 2860; S. Sub. for HB 2936; S. Sub. for HB 2947** approved on May 18, 2008.

#### VETO MESSAGE FROM THE GOVERNOR

The following message with the Governor's objection to **HB 2019**, An act concerning elections; amending K.S.A. 25-4502 and 25-4503 and K.S.A. 2007 Supp. 25-1122, 25-1123, 25-2908, 25-3002 and 25-4501 and repealing the existing sections, was received and read.

*Message to the House of Representatives of the State of Kansas:*

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I am vetoing **HB 2019**.

We have a rich history and tradition in Kansas of working to increase citizen participation in our democracy. Voting has become easier and more convenient in our state over the past decade due to measures like advance voting.

Here in Kansas and across the country, we have seen a record number of new voters active in the election process. Secretaries of State across the country are anticipating record-breaking turnout in November. We must take advantage of this opportunity to engage the next generation of leaders and decision makers in the political process, and ensure their participation continues throughout their lifetimes.

Additionally, no elected official should support enacting new laws discouraging or disenfranchising any American who has been legally voting for years. I cannot support creating any roadblock to prevent our citizens from adding their voices to the democratic discourse that makes our nation great.

The Secretary of State's office is charged with the oversight of elections in Kansas and our hard working county clerks and election officials deserve thanks for ensuring the integrity of the democratic process. I have the utmost confidence in their diligence to guarantee secure and fair elections across our state. **HB 2019** seeks to solve a problem of voter fraud which does not exist in our state due to the tireless efforts of our local election officials.

I am encouraged with the Legislature's action to change the date of the 2012 presidential preference primary to the first Saturday in February. However, I find it unfortunate that this measure, which would help boost voter turnout and participation in the future, is coupled with burdensome provisions prohibiting many across our state from exercising their

right to vote. I encourage the Legislature to take action on this matter next session, and include funding for the primary in the FY 2012 budget.

It is my belief that **HB 2019** goes against our state's long standing tradition of striving to achieve greater voter participation in our democratic process. The needless, additional identification requirements of **HB 2019** will only work to disenfranchise many of the electorate and serve as a barrier to their participation in the democratic process. Therefore, pursuant to Article 2, Section 14 of the Kansas Constitution, I veto **HB 2019**.

#### VETO MESSAGE FROM THE GOVERNOR

The following message with the Governor's objection to **HB 2683**, An act concerning elections; pertaining to vacancy in the office of United States representative; pertaining to vacancy in the position of United States senator; pertaining to the presidential primary; amending K.S.A. 25-101b, 25-318, 25-3501, 25-4502 and 25-4503 and K.S.A. 2007 Supp. 25-4501 and repealing the existing sections, was received and read.

*Message to the House of Representatives of the State of Kansas:*

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I am vetoing **HB 2683**.

In Kansas, vacancies in the office of United States Senator have been filled by a temporary appointment by the governor since 1927. The appointee serves as senator until the next election of representatives in Congress, at which time the vacancy is filled by election and the elected senator takes office as soon as he or she receives his or her certificate of election.

This statute has been used effectively several times since its passage 81 years ago, including:

In 1929, Senator Charles Curtis resigned and Senator Henry Allen was appointed to fill the vacancy by Governor Clyde Reed.

In 1949, Senator Harry Darby was appointed by Governor Frank Carlson to fill the vacancy caused by the death of then Senator Clyde Reed.

In 1962, Senator James Pearson was appointed by Governor John Anderson to fill the vacancy caused by the death of Senator Andrew Schoeppel.

In 1978, Senator James Pearson resigned and Senator Nancy Landon Kassebaum was appointed to the vacancy by Governor Robert Bennett.

In 1996, Senator Robert Dole resigned and Senator Sheila Frahm was appointed to the vacancy by Governor Bill Graves.

This process has served the citizens of Kansas well. Absent any compelling public policy reason to change this statute at this time, and pursuant to Article 2, Section 14 of the Kansas Constitution, I veto **HB 2683**.

#### MESSAGES FROM THE GOVERNOR

**S. Sub. for HB 2390; S. Sub. for HB 2434; S. Sub. for HB 2440; S. Sub. for HB 2542; HB 2707; S. Sub. for HB 2946** approved on May 22, 2008.

#### VETO MESSAGE FROM THE GOVERNOR

The following message with the Governor's objection to **S. Sub. for HB 2946**, An act making and concerning appropriations for the fiscal years ending June 30, 2008, June 30, 2009, June 30, 2010, and June 30, 2011, for state agencies; authorizing certain transfers, capital improvement projects and fees, imposing certain restrictions and limitations, and directing or authorizing certain receipts, disbursements and acts incidental to the foregoing; amending K.S.A. 2007 Supp. 74-99b16 and section 86 of 2008 Senate Bill No. 534 and repealing the existing sections, was received and read.

*Message to the House of Representatives of the State of Kansas:*

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return **S. Sub. for HB 2946** with my signature approving the bill, except for the items enumerated below.

#### **Department of Administration**

##### **Expanded Lottery Act Revenues Fund**

Sections 19 (e), (f), (g), (h) and (i) have been line-item vetoed in their entirety.

As I stated in my previous message, current law already defines how new receipts from gaming activity will be administered and how they can be spent. Creating additional funds and further stipulations would limit the flexibility of future Legislatures to target gaming receipts toward the most important and pressing needs of the state. For this reason, I again find it necessary to veto this portion of the bill.

#### **Homeland Security Funds**

##### **Use of Federal Funds**

Section 47 has been line-item vetoed in its entirety.

This section places unnecessary limits on how the state budgets for homeland security. Restricting how state funds can be used in this area may not serve the best interests of our future security.

#### **Adjutant General**

##### **Unmanned Aerial Vehicles**

Section 14 (b) has been line-item vetoed in its entirety.

This \$500,000 expenditure was added very late in the appropriations process with little review, and it was financed from the Economic Development Initiatives Fund, which the Legislature has overspent by over \$1 million. The procurement of unmanned aerial vehicles may be a worthy project for future consideration, but should not be done without an adequate source of financing. Eliminating this expenditure in FY 2009 does not completely balance the Economic Development Initiatives Fund. I will work with the economic development agencies and the Division of the Budget to recommend a revised budget for this fund to present to the 2009 Legislature.

#### **Department of Wildlife and Parks**

##### **Cabin Program**

Section 21 (g) has been line-item vetoed in its entirety.

This provision unnecessarily restricts the authority of the Kansas Department of Wildlife and Parks to provide public services and manage agency resources in the most efficient manner.
