As Recommended by House Committee on  
Health and Human Services

**Brief\***

HB 2830 would amend existing pharmacy law regarding the registration of pharmacy technicians to require pharmacy technicians to pass a board approved examination within 30 days of registration with the State Board of Pharmacy. The bill also would repeal an obsolete provision of the statute.

**Background**

The bill was introduced by the House Health and Human Services Committee at the request of Representative Hill.

The fiscal note prepared by the Division of the Budget indicates that passage of the bill would have no fiscal effect.
