

*Corrected*  
*SESSION OF 2006*

**SUPPLEMENTAL NOTE ON  
HOUSE CONCURRENT RESOLUTION NO. 5034**

As Amended by House Committee on  
Wildlife, Parks and Tourism

**Brief\***

HCR 5034, as amended, would designate Cheyenne Bottoms as the "Migratory Bird Capital of Kansas."

**Background**

Conferees who testified in favor of the resolution included Representative Bethell and Mary Ann Stoskopf, Hoisington, Kansas. Christopher Tymeson, Kansas Department of Wildlife and Parks, presented information about Cheyenne Bottoms.

The House Committee on Wildlife, Parks and Tourism amended the resolution to state that Cheyenne Bottoms is located in central Kansas, rather than southwestern Kansas. The bill also originally erroneously stated that Cheyenne Bottoms was a state park. The Department of Wildlife and Parks conferee suggested this change because Cheyenne Bottoms is not a state park.

No fiscal note was available when the Committee took action on the resolution.
