## **Background**

The proponent of the bill who presented testimony in the Senate Committee hearing was a representative of the Kansas Secretary of State's Office.

There were no opponents of the bill who presented testimony in the Senate Committee hearing.

The Senate Committee was of the opinion that the bill is of a noncontroversial nature and placed it on the Consent Calendar.

In the House Judiciary Committee, a representative of the Kansas Secretary of State's Office presented testimony in favor of the bill. No opponents presented testimony.

The House Judiciary Committee amended the bill to include language that had been stricken in the original version of the bill which gives the Secretary of State the authority to publish a summary of all proposed or adopted administrative rules and regulations. Although the Secretary of State's Office arguably would have retained that authority due to language currently appearing in KSA 75-430, which allows the Secretary to omit any information deemed "cumbersome, expensive, or otherwise inexpedient," the language was restored to avoid confusion on the issue. The House Judiciary Committee also made technical amendments to the bill.

The fiscal note provided on this bill, as introduced, states that the Secretary of State indicates passage of the bill would produce savings in employee time and the cost of rekeying material by requiring agencies to submit items for publication in electronic format. The amount of savings cannot be estimated.
