AN ACT concerning education; relating to school districts; requiring boards of education of school districts to adopt policies and procedures to prohibit students' use of privately owned electronic communication devices during school hours; allowing the use under certain circumstances.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) Each board of education of a school district shall adopt policies and procedures to govern the use of privately owned electronic communication devices. Such policies and procedures shall:

(1) Prohibit students from using any privately owned electronic communication device at school during the normal hours of the school day, including during passing periods and in the classroom;

(2) set forth disciplinary actions and consequences that may occur if a student violates such policies and procedures; and

(3) authorize a student to use a privately owned electronic communication device during the normal hours of a school day only if the use is:

(A) Required for the implementation of a student's individualized education program;

(B) authorized by a teacher or administrator for educational purposes, except that such use shall not be authorized as part of a classroom reward or free time; or

(C) pre-approved on an individual student basis by a teacher or administrator due to health concerns, emergency concerns or other special circumstances.

(b) As used in this section, "privately owned electronic communication device" means any wireless electronic communication device that:

(1) Provides for voice, text or video communication between two or more parties, including, but not limited to, a mobile or cellular phone, tablet, computer, watch, text messaging device or personal digital assistant; and

(2) is not owned or issued to students by the school district or school.

Sec. 2. This act shall take effect and be in force from and after its
publication in the statute book.
