17 physician's diagnosis that the patient is suffering from a terminal disease
18 and verify that the patient is capable, is acting voluntarily and has made an
19 informed decision.

20 (b) If, in the opinion of the attending physician or the consulting
21 physician, a patient may be suffering from a psychiatric or psychological
22 disorder or depression causing impaired judgment, either physician shall
23 refer the patient for counseling. No medication to end a patient's life in a
24 humane and dignified manner shall be prescribed until the person
25 performing the counseling determines that the patient is not suffering from
26 a psychiatric or psychological disorder or depression causing impaired
27 judgment.

28 (c) No patient shall receive a prescription for medication to end such
29 patient's life in a humane and dignified manner unless such patient has
30 made an informed decision as defined in section 2, and amendments
31 thereto.

32 (d) The attending physician shall recommend that the patient notify
33 the next of kin regarding such patient's request for medication pursuant to
34 the Kansas death with dignity act. A patient who declines or is unable to
35 notify next of kin shall not have such patient's request denied for that
36 reason.

37 Sec. 7. (a) In order for a qualified patient to receive a prescription for
38 medication to end such qualified patient's life in a humane and dignified
39 manner, the qualified patient shall have made both an oral and written
40 request, and reiterate the oral request to such qualified patient's attending
41 physician not less than 15 days after making the initial oral request. At the
42 time the qualified patient makes such qualified patient's second oral
43 request, the attending physician shall offer the qualified patient an

1 opportunity to rescind the request.

2 (b) A qualified patient may rescind such qualified patient's request at
3 any time and in any manner without regard to such qualified patient's
4 mental state. No prescription for medication under the Kansas death with
5 dignity act may be written without the attending physician offering the
6 qualified patient an opportunity to rescind the request.

7 (c) Not fewer than 15 days shall elapse between the qualified patient's
8 initial oral request and the writing of a prescription under the Kansas death
9 with dignity act. Not fewer than 48 hours shall elapse between the
10 qualified patient's written request and the writing of a prescription under
11 the Kansas death with dignity act.

30 under the Kansas death with dignity act have been met and indicating the
31 steps taken to carry out the request, including a notation of the medication
32 prescribed.

34 death with dignity act shall be granted. Factors demonstrating Kansas
35 residency include, but are not limited to:

36 (a) Possession of a current Kansas driver's license or identification
37 card;

41 Sec. 10. (a) (1) The department of health and environment shall
42 annually review a sample of records maintained pursuant to the Kansas
43 death with dignity act.

1 (2) The department shall require any healthcare provider upon writing
2 a prescription or dispensing medication pursuant to the Kansas death with
3 dignity act to file a copy of the dispensing record with the department.

4 (b) The department shall adopt rules and regulations to facilitate the
5 collection of information regarding compliance with the Kansas death with
6 dignity act. Except as otherwise required by law, the information collected
7 shall not be a public record and may not be made available for inspection
8 by the public. The provisions of this subsection providing for
9 confidentiality of records shall expire on July 1, 2026, unless the
10 legislature reenacts such provisions pursuant to K.S.A. 45-229, and
11 amendments thereto. The legislature shall review this subsection prior to
12 July 1, 2026.

13 (c) The department shall generate and make available to the public an
14 annual statistical report of information collected under subsection (b).

15 Sec. 11. (a) No provision in a contract, will or other agreement,
16 whether written or oral, to the extent the provision would affect whether a
17 person may make or rescind a request for medication to end such person's
18 life in a humane and dignified manner, shall be valid.

19 (b) No obligation owing under any currently existing contract shall be
20 conditioned or affected by the making or rescinding of a request by a
21 person for medication to end such person's life in a humane and dignified
22 manner.

23 Sec. 12. The sale, procurement or issuance of any life, health or
24 accident insurance or annuity policy or the rate charged for any policy
25 shall not be conditioned upon or affected by the making or rescinding of a
26 request by a person for medication to end such person's life in a humane
27 and dignified manner.

28 Sec. 13. Nothing in the Kansas death with dignity act shall be
29 construed to authorize a physician or any other person to end a patient's
30 life by lethal injection, mercy killing or active euthanasia. Actions taken in
31 accordance with the Kansas death with dignity act shall not constitute the
32 commission of a crime under the Kansas criminal code, K.S.A. 2020 Supp.
33 21-5101 et seq., and amendments thereto.

34 Sec. 14. Except as provided in section 15, and amendments thereto:

35 (a) (1) No person shall be subject to civil or criminal liability or
36 professional disciplinary action for participating in good faith compliance
37 with the provisions of the Kansas death with dignity act, which includes
38 being present when a qualified patient takes the prescribed medication to
39 end such patient's life in a humane and dignified manner.

40 (2) No professional organization or association, or healthcare
41 provider may subject a person to censure, discipline, suspension, loss of
42 license, loss of privileges, loss of membership or other penalty for
43 participating or refusing to participate in good faith compliance with the

1 provisions of the Kansas death with dignity act.

2 (3) No request by a patient for medication from an attending
3 physician in good faith compliance with the provisions of the Kansas death
4 with dignity act shall constitute neglect for any purpose of law or provide
5 the sole basis for the appointment of a guardian or conservator.

6 (4) No healthcare provider shall be under any duty, whether by
7 contract, by statute or by any other legal requirement to participate in the
8 provision to a qualified patient of medication to end such qualified
9 patient's life in a humane and dignified manner. If a healthcare provider is
10 unable or unwilling to carry out a patient's request under the Kansas death
11 with dignity act and the patient transfers such patient's care to a new
12 healthcare provider, the prior healthcare provider shall transfer, upon
13 request, a copy of the patient's relevant medical records to the new
14 healthcare provider.

15 (b) Notwithstanding any other provision of law, a healthcare provider
16 may prohibit another healthcare provider from participating under the
17 provisions of the Kansas death with dignity act on the premises of the
18 prohibiting provider if the prohibiting provider has notified the healthcare
19 provider of the prohibiting provider's policy regarding participating under
20 the Kansas death with dignity act. Nothing in this section shall prevent a
21 healthcare provider from providing healthcare services to a patient that
22 does not constitute participation under the provisions of the Kansas death
23 with dignity act.

24 (c) Notwithstanding the provisions of subsection (a), a healthcare
25 provider may subject another healthcare provider to the sanctions stated in
26 this section if the sanctioning healthcare provider has notified the
27 sanctioned provider prior to participation under the Kansas death with
28 dignity act that it prohibits participation under the Kansas death with
29 dignity act. Such sanctions may include:

30 (1) Loss of privileges, loss of membership or other sanction provided
31 pursuant to the medical staff bylaws, policies and procedures of the
32 sanctioning healthcare provider if the sanctioned provider is a member of
33 the sanctioning provider's medical staff and participates under the
34 provisions of the Kansas death with dignity act while on the premises of
35 the sanctioning healthcare provider, but not including the private medical
36 office of a physician or other healthcare provider;

37 (2) termination of lease or other property contract or other non-
38 monetary remedies provided by lease contract, not including loss or
39 restriction of medical staff privileges or exclusion from a provider panel, if
40 the sanctioned provider participates under the provisions of the Kansas
41 death with dignity act while on the premises of the sanctioning healthcare
42 provider or on property that is owned by or under the direct control of the
43 sanctioning healthcare provider; or

1 (3) termination of contract or other non-monetary remedies provided
2 by contract if the sanctioned provider participates under the provisions of
3 the Kansas death with dignity act while acting in the course and scope of
4 the sanctioned provider's capacity as an employee or independent
5 contractor of the sanctioning healthcare provider. Nothing in this section
6 shall be construed to prevent:

7 (A) A healthcare provider from participating under the provisions of
8 the Kansas death with dignity act while acting outside the course and
9 scope of the provider's capacity as an employee or independent contractor;
10 or

11 (B) a patient from contracting with such patient's attending physician
12 and consulting physician to act outside the course and scope of the
13 provider's capacity as an employee or independent contractor of the
14 sanctioning healthcare provider.

15 (d) A healthcare provider that imposes sanctions pursuant to
16 subsection (b) shall follow all due process and other procedures the
17 sanctioning healthcare provider may have that are related to the imposition
18 of sanctions on another healthcare provider.

19 (e) For purposes of this section:

20 (1) "Notify" means a separate statement in writing to the healthcare
21 provider specifically informing the healthcare provider prior to the
22 provider's participation under the Kansas death with dignity act of the
23 sanctioning healthcare provider's policy about participation in activities
24 covered by the Kansas death with dignity act.

25 (2) "Participate under the provisions of the Kansas death with dignity
26 act" means to perform the duties of an attending physician pursuant to
27 section 5, and amendments thereto, or the counseling or consulting
28 physician functions pursuant to section 6, and amendments thereto.
29 "Participate under the provisions of the Kansas death with dignity act"
30 does not include:

31 (A) Making an initial determination that a patient has a terminal
32 disease and informing the patient of the medical prognosis;

33 (B) providing information about the Kansas death with dignity act to
34 a patient upon the request of the patient;

35 (C) providing a patient, upon the request of the patient, with a referral
36 to another physician; or

37 (D) a patient contracting with such patient's attending physician and
38 consulting physician to act outside of the course and scope of the
39 provider's capacity as an employee or independent contractor of the
40 sanctioning healthcare provider.

41 (f) Any action taken by a healthcare provider pursuant to the Kansas
42 death with dignity act shall not be the sole basis for a report of
43 unprofessional conduct. No provision of the Kansas death with dignity act

1 shall be construed to allow a lower standard of care for any patient seeking
2 to end such patient's life pursuant to the Kansas death with dignity act.

3 Sec. 15. (a) Any person who, without authorization of the patient,
4 knowingly alters or forges a request for medication or conceals or destroys
5 a rescission of such request with the intent or effect of causing the patient's
6 death shall be guilty of a severity level 3, person felony.

7 (b) A person who knowingly coerces or exerts undue influence on a
8 patient to request medication for the purpose of ending the patient's life, or
9 to destroy a rescission of such a request, shall be guilty of a severity level
10 3, person felony.

11 (c) Nothing in the Kansas death with dignity act limits further
12 liability for civil damages resulting from other negligent conduct or
13 intentional misconduct by any person.

14 (d) The penalties in the Kansas death with dignity act do not preclude
15 criminal penalties applicable under other law for conduct which is
16 inconsistent with the provisions of the Kansas death with dignity act.

17 Sec. 16. Any governmental entity that incurs costs resulting from a
18 person terminating such person's life pursuant to the provisions of the
19 Kansas death with dignity act in a public place shall have a claim against
20 the estate of such person to recover such costs and reasonable attorney fees
21 related to enforcing the claim.

22 Sec. 17. Any section of the Kansas death with dignity act that is held
23 invalid as to any person or circumstance shall not affect the application of
24 any other section of the Kansas death with dignity act that can be given
25 full effect without the invalid section or application.

27 with dignity act shall be in substantially the following form:
